

## Welcome to the Newsletter of The White Hut, Whitsand Bay, Cornwall

### Bookings

Since New Year, we have received a lot of enquiries, nice to see familiar names want to come back to our 'special place'. I am working on a first come first serve basis as I think this is the only fair way to deal with bookings.

### Wood Burner

The wood burner was fitted in November and Clive and I have been to the chalet every month since, on one occasion, we got the temperature inside up to 32°C!!! It was so hot I had to go outside and cool down and this was in December! We ask that you use wood only.

We do not mind people using the wood burner as long as you clear out the grate afterwards and also buy a bag of wood to replenish the stock.

### Spillages or Breaks/Repairs

We are not ogres, but when we have been down the chalet on the last few occasions, we have found that there have been spillages on the chairs and futon cushions and have had to have these dry cleaned, again please write on the board which is in the kitchen. We ask that you please do not take any of the cushions and furniture outside at any time.

### Outside WC

We have now emptied this and are starting work to make into a second bathroom (this was the original WC before we rebuilt). We are going to be tiling the floor and white washing the walls; this can also be used as a changing room for the outside shower.

### Payments

We realise that cheques may not be about too much longer! We are happy to receive deposits and payment by Bank Transfer. Please ask for our Bank Details if this is how you wish to pay.

### £100 Insurance Deposit Cheque

In future we will cash your cheques. Once the chalet has been checked we will refund to your bank account by bank transfer, we will take the bank details from the cheque's.

**Get your bookings in for 2010, so as not to be disappointed. Contact Jane Johnson on 01730 711343 or 07855 423308 or email: [janejohnson@hotmail.com](mailto:janejohnson@hotmail.com)**

## PHOTO BOARD - A Plea!

Please can we have copies of any of your **family photos at the chalet**, not the views (we have plenty of those!) for our Photo Board?

Send to:

[janejohnson@hotmail.com](mailto:janejohnson@hotmail.com)

## Jane's Corner

Something strange has been going on at The White Hut, the fire extinguisher changed colour from a red one to a pale green colour!! If you know anything about this, please let us know as we think we are going mad! The kitchen roll holder changed as well! We do ask that if something is broken you let us know or at least write it on the board, we don't mind if you have had to replace things, just let us know as we are thinking about sending ourselves somewhere with padded cells!

The visitor's book from 2006-2009 is now full and there is a new one, I will leave the old one for people to look at, but am hoping to bring it home so that I can get the pictures people have drawn framed! I am going to get a sketchpad and put it on the bookshelf so that you can draw till your heart is content.

During the cold weather we had one pipe burst to the outside hot shower, we are now changing all the pipe work to plastic and we also have fitted a drainage plug to drain all the water out of that system so that this does not happen again. Our friends think we are mad still using the outside shower in this weather, but it is very refreshing!
